

New Product Release

FRS-137 Breather

Introducing the All NEW Catch Can Foam Breather Air Filter from Uni Filter.

- Made of breathable & absorbent polyurethane foam
- Fits 1.375" Inlet
- Weighs **25% LESS** than the competition
- **WASHABLE** and **REUSABLE**
- Made of **FLEXIBLE, DURABLE** foam element.
- Molded black cap & snout with adjustable clamp.
- Other sizes available
- Keeps Track **OIL FREE!**
- Made in **USA**

- Finally a filter designed to capture and hold oil mist! Paper filters will not flow air once saturated. And gauze is – well, a piece of gauze.
- No more shop rags wrapped around a dripping wet filter.
- No more tennis sweat bands wrapped around your filters.
